

TEMPT™

Rich in finesse
and detail

Good reasons for choosing
TEMPT™

- Rich in finesse and detail
- Subdued colour universe
- Subtle structure
- Unusual softness
- Feeling of peace and wellbeing

TEMPT™ – COMFORT IN A BUSY LIFE

Tempt radiates elegance with its three different yarns, undulating and weaving into each other and creating a textile with a vibrant mottled surface.

Tempt is a delicate textile woven in solid, durable polyester yarns which, with its subtle structure and softness, is reminiscent of hand-woven cotton.

Wild nature mixed with ash dust

With nuances from wild nature seasoned with a touch of ash, Tempt has a dusty and delicate colour palette which makes every public interior and every piece of furniture look light, sophisticated and elegant.

Tempt is a new soft seating textile designed with inspiration from the peaceful and intimate atmosphere of the private home.
